

COMMITTEE REPORTING FORM

Committee Name : HEATH & SAFETY
Committee Chair : PHILLIP D. BLAKELSEY (ALEXIS COLE)
Committee Members: PHILLIP D. BLAKESLEY (ALEXIS COLE)
Last Meeting : 16 APRIL 2020 @ 22:00

Brief Overview of Last Meeting:

Noted zero incident reports from the rodeo held in February by AGRA. Reviewed communications of member associations and external organizations expressing concerns related to COVID-19 and its' implications for the sport of rodeo. Reviewed numerous scientific and multinational governmental reports and projections of the impact of COVID-19.

Items of Critical Importance (to be discussed at next BOD meeting):

This committee recommends that the Board take the necessary action to combine the 2020 and 2021 rodeo seasons into one rodeo season. In doing so the By-Laws would need updated and it is the recommendation of this committee that the Board interpret the word "annual" to mean rodeo season which could resolve most issues surrounding the annual convention and the royalty team.

Items Requiring Action (to be voted on at the next BOD meeting): NONE

Respectfully Submitted,
